

RECORD OF PROCEEDINGS  
AIR FORCE BOARD FOR CORRECTION OF MILITARY RECORDS

AUG 6 1998

IN THE MATTER OF:

DOCKET NO: 96-02041

COUNSEL: None

HEARING DESIRED: Yes

[REDACTED]

Applicant requests his separation code, reenlistment eligibility (RE) code and the narrative reason for discharge be changed. Applicant's submission is at Exhibit A.

The appropriate Air Force offices evaluated applicant's request and provided advisory opinions to the Board recommending the application be denied (Exhibit C). The advisory opinions were forwarded to the applicant for review and response (Exhibit D). Applicant's response to the advisory opinions are at Exhibit E.

After careful consideration of applicant's request and the available evidence of record, we find insufficient evidence of error or injustice to warrant corrective action. The facts and opinions stated in the advisory opinions appear to be based on the evidence of record and have not been adequately rebutted by applicant. Absent persuasive evidence applicant was denied rights to which entitled, appropriate regulations were not followed, or appropriate standards were not applied, we find no basis to disturb the existing record.

Accordingly, applicant's request is denied.

The applicant's case is adequately documented and it has not been shown that a personal appearance with or without counsel will materially add to our understanding of the issue(s) involved. Therefore, the request for a hearing is not favorably considered.

The Board staff is directed to inform applicant of this decision. Applicant should also be informed that this decision is final and will only be reconsidered upon the presentation of new relevant evidence which was not reasonably available at the time the application was filed.

Members of the Board Ms. Martha Maust, Mr. Robert W. Zook, and Mr. Kenneth L. Reinertson considered this application on 23 July 1998 in accordance with the provisions of Air Force Instruction 36-2603 and the governing statute, 10 U.S.C. 1552.

  
MARTHA MAUST'  
Panel Chair
