MEMORANDUM FOR AFBCMR

SUBJECT Application for Correction of Military R [REDACTED]

The attached Application for Correction of Military Record is forwarded for appropriate action, since corrective action cannot be accomplished at this level.

[REDACTED] requesting his date of rank (DOR) to Captain be changed from 15 Feb 82 to 7 Nov 81 or, at worst, to 1 Dec 81. He contends that because his DOR was computed incorrectly, he missed the correct promotion board and the error had a detrimental effect on his military career.

[REDACTED] DOR was incorrectly computed using the wrong regulation. His DOR should have been computed IAW with AFR 35-3, paragraph 8e, *Service Dates and Dates of Rank*, not AFR 36-15, Table 2-4, Rules 1-7, *Appointment in Commissioned Grades and Designation and Assignment in Professional Categories—Reserve of The Air Force And United States Air Force (Temporary)* and AFR 45-26, paragraph 12b(2), *Voluntary Entry On Extended Active Duty (EAD) Of Commissioned Officers of The Air Reserve Forces*. Using AFR 35-3, paragraph 8e, the DOR would have been computed by awarding one day for each day of all active duty commissioned service in the grade in which placed on the active duty list (ADL), and awarding one-half day for each day of all commissioned service in an active status but not on active duty in the grade in which placed on the ADL.

[REDACTED] DOR would have been computed as 13 Jul 81 if AFR 35-3 had been used. [REDACTED] was placed on the ADL in the grade of O3 and he would have received the following credit:

- a. 74 days for active duty in the grade of Captain.
- b. 4 months and 18 days for commissioned service in an active status but not on active duty in the grade in which placed on the ADL.
- c. The total credit would have been 7 months and 2 days. When this credit is subtracted from the extended active duty date of 15 Feb 82, the DOR is 13 Jul 81.

BACKGROUND

From Jan 92 through Jul 93, an audit of service dates of over **16,500** non-line officers were conducted. Approximately 408 errors were identified, however there is no record of [REDACTED] **DOR** being identified as an error. The advisory prepared by HQ AFMPC/MPCDOO, dated Mar 1984 was in error in advising the board of the method in computing the [REDACTED] **DOR**.

Based on the above, recommend applicant's request be approved. However, recommend his **DOR** be changed to **13 Jul 81** not **7 Nov 81**.
