

RECORD OF PROCEEDINGS
AIR FORCE BOARD FOR CORRECTION OF MILITARY RECORDS

IN THE MATTER OF:

DOCKET NUMBER: BC-2012-00042
COUNSEL: NONE
HEARING DESIRED: NO

APPLICANT REQUESTS THAT:

The Fitness Assessment (FA) dated 30 Jun 2010 be removed from the Air Force Fitness Management System (AFFMS).

APPLICANT CONTENDS THAT:

The test was not done in accordance with Air Force Instructions; therefore the score is not an official score.

She transferred to a new base on 31 May 2010, and was sent on Temporary Duty (TDY) two weeks later to an Army Reserve Training Summer Camp.

While at the TDY location her supervisor advised her that her FA was due on 1 Jul 2010. She was exempt from all components of the FA except for the waist measurement [sic] due to her surgery seven months earlier. She passed her previous FAs prior to the FA failure on 30 Jun 2010.

Her supervisor instructed her to go to the base gym and find someone to measure her waist. She went to the base gym where an Army sergeant measured her waist. He measured her one time instead of three as required by Air Force instructions. The individual who administered the test gave her the measurement and she in turn advised her supervisor. The measurement was recorded as an official score.

There was no official paperwork completed before the measurements were taken.

She requested a signed letter from her supervisor; however she did not send it. She includes an electronic communiqué from her supervisor stating she would write the letter.

The Army sergeant who recorded the score is currently deployed; therefore, she cannot obtain a statement from him.

In support of her request, the applicant provides a copy of DD Form 1610, *Request and Authorization for TDY Travel of DoD Personnel*, and an electronic communiqué from AFMOA/SGHC.

The applicant's complete submission, with attachments, is at Exhibit A.

STATEMENT OF FACTS:

The applicant is currently serving in the Air Force in the grade of captain (Capt, O-3).

In accordance with AFI 36-2905, *Air Force Fitness Program*, a Fitness Assessment Cell (FAC) representative or trained designee will take the AC measurement in a private room or in a partitioned area. Individuals conducting AC measurements will be of the same gender as the member being taped and certified by the Exercise Physiologist (EP) or Fitness Program Manager (FPM) as an official taper. Where a FAC member of the same gender is not available, an observer of the same gender must be present.

THE AIR FORCE EVALUATION:

HQ AFPC/DPSIM recommends denial. DPSIM states on 13 Feb 2012, a memorandum was sent to the applicant requesting additional documentation, specifically a signed memorandum from the FAC staff and her commander indicating her abdominal circumference was measured incorrectly. The applicant did not submit additional documentation.

The complete DPSIM evaluation is at Exhibit C.

APPLICANT'S REVIEW OF THE AIR FORCE EVALUATION:

On 10 Apr 2012, a copy of the Air Force evaluation was forwarded to the applicant for review and comment within 30 days. As of this date, no response has been received by this office (Exhibit D).

THE BOARD CONCLUDES THAT:

1. The applicant has exhausted all remedies provided by existing law or regulations.
2. The application was timely filed.
3. Insufficient relevant evidence has been presented to demonstrate the existence of error or injustice. We took notice of the applicant's complete submission in judging the merits of the case; however, we agree with the opinion and recommendation

of the Air Force office of primary responsibility and adopt its rationale as the basis for our conclusion the applicant has not been the victim of an error or injustice. Should the applicant provide a signed memorandum from the FAC staff and her commander indicating her abdominal circumference was measured incorrectly, we would be willing to reconsider her request. Therefore, in the absence of evidence to the contrary, we find no basis to recommend granting the relief sought in this application.

THE BOARD DETERMINES THAT:

The applicant be notified that the evidence presented did not demonstrate the existence of material error or injustice; that the application was denied without a personal appearance; and that the application will only be reconsidered upon the submission of newly discovered relevant evidence not considered with this application.
