

RECORD OF PROCEEDINGS  
AIR FORCE BOARD FOR CORRECTION OF MILITARY RECORDS

IN THE MATTER OF:

DOCKET NUMBER: BC-2012-01460  
COUNSEL: NONE  
HEARING DESIRED: NO

---

APPLICANT REQUESTS THAT:

The fitness assessment (FA) failure he received on 3 Feb 12, be removed or invalidated from the Air Force Fitness Management System (AFFMS).

---

APPLICANT CONTENDS THAT:

He injured himself while performing the FA on 1 Feb 12. He reported to the Emergency Room and an AF Form 469, *Duty Limiting Condition Report*, was generated. The Fitness Assessment Center (FAC) entered his score on 3 Feb 12. The AF Form 469 was not made available to him until 16 Feb 12. Per the guidance in AFI 36-2905, *Fitness Program*, Paragraph 10a and 10b, the FAC should have entered his test scores on 7 Feb 12 (allowing 5 duty days for medical and commander review).

His commander supports his request to remove the failed FA score.

In support of his request, the applicant provides copies of a letter from his commander, an extract from AFI 36-2905, AF Form 469; AF Forms 422, *Notification of Air Force Member's Qualification Status*, and his FA record.

The applicant's complete submission, with attachments, is at Exhibit A.

---

STATEMENT OF FACTS:

The applicant is currently serving in the Regular Air Force in the grade of master sergeant. The applicant injured himself during his 1 Feb 12 FA requiring him to seek immediate medical attention. The FAC entered the score in the AFFMS on 3 Feb 12.

The relevant facts pertaining to this application are contained in the letter prepared by the appropriate office of the Air Force. Accordingly, there is no need to recite these facts in this Record of Proceedings.

---

AIR FORCE EVALUATION:

AFPC/DPSIM recommends denial. DPSIM states on 9 May 12 a memorandum was sent to the applicant requesting additional documentation, specifically, the member's signed FA score sheet and a letter from the FAC indicating that he informed them he was injured while completing the FA and was seeking medical attention afterwards. The member did not provide the requested documentation.

DPSIM states per AFI 36-2905 and Air Force Guidance Memorandum (AFGM) 4, paragraph 10, if an Airman becomes injured or ill during the FA and is unable to complete all required components, he/she will have the option of being evaluated at the Medical Treatment Facility (MTF) but his/her test will still count unless rendered invalid by the Unit Commander.

The complete DPSIM evaluation, with attachment, is at Exhibit B.

---

APPLICANT'S REVIEW OF AIR FORCE EVALUATION:

On 28 Aug 12, a copy of the Air Force evaluation was forwarded to the applicant for review and comment within 30 days. As of this date, a response has not been received by this office (Exhibit C).

---

THE BOARD CONCLUDES THAT:

1. The applicant has exhausted all remedies provided by existing law or regulations.
2. The application was timely filed.
3. Sufficient relevant evidence has been presented to demonstrate the existence of an error or injustice warranting relief. We note the office of primary responsibility (OPR) recommends denial based on the fact the applicant did not provide the requested documentation to support his claim. However, after reviewing the evidence submitted, to include the medical documentation and a letter from his commander, we believe the evidence is sufficient to find it in the interest of justice to remove the 3 Feb 12 FA. Therefore, in view of the above, we recommend his records be corrected as indicated below.

THE BOARD RECOMMENDS THAT:

The pertinent military records of the Department of the Air Force relating to APPLICANT, be corrected to show that his Fitness Assessment (FA), dated 3 Feb 12 be removed from the Air Force Fitness Management System (AFFMS).
