

RECORD OF PROCEEDINGS
AIR FORCE BOARD FOR CORRECTION OF MILITARY RECORDS

IN THE MATTER OF:

DOCKET NUMBER: BC-2012-02364
COUNSEL: NONE
HEARING DESIRED: NO

APPLICANT REQUESTS THAT:

His Fitness Assessment dated 14 Sep 11 be removed from the Air Force Fitness Management System (AFFMS).

APPLICANT CONTENDS THAT:

He had a medical condition which prevented him from successfully completing the FA test. The medical group validated his condition and provided a letter requesting that the test be invalidated.

In support of his request, the applicant provides a copy of a letter from his Flight Surgeon, a personal statement, a copy of a letter from AFPC/DPSIM, and a copy of AF Form 422, *Notification of Air Force Member's Qualification Status*.

His complete submission, with attachments, is at Exhibit A.

STATEMENT OF FACTS:

The applicant is currently serving in the Regular Air Force in the grade of technical sergeant.

The applicant's last five FA scores are as follows:

<u>DATE</u>	<u>SCORE</u>
10 Feb 10	GOOD
31 Aug 10	SATISFACTORY
* 14 Sep 11	UNSATISFACTORY
27 Oct 11	EXCELLENT
2 Feb 12	EXCELLENT

*Contested FA score.

The applicant's AF Form 422, *Notification of Air Force Member's Qualification Status*, dated 28 Sep 11, reflects he was not cleared for the 1.5 mile timed run; 1.0 mile time walk; 1 minute

set-up assessment. The applicant was cleared for the abdominal circumference (AC) measurement. The profile expired on 29 Oct 11.

AIR FORCE EVALUATION:

AFPC/DPSIM recommends partial approval by stating the governing instructions states, "all members will complete AC assessment unless there is a composite exemption or, under rare circumstances, a component exemption determined by the EP/FPM upon recommendation by the provider." They recommend the cardio and push-up [sic] component of the FA dated 14 Sep 11 be updated to reflect "exempt" in AFFMS. Further, the applicant's total FA score will still be reflected as an "UNSATISFACTORY" due to the score of 74.67.

The complete DPSIM evaluation, with attachment, is at Exhibit B.

APPLICANT'S REVIEW OF AIR FORCE EVALUATION:

A copy of the Air Force evaluation was forwarded to the applicant on 20 Aug 12 for review and comment within 30 days. As of this date, this office has received no response.

THE BOARD CONCLUDES THAT:

1. The applicant has exhausted all remedies provided by existing law or regulations.
 2. The application was timely filed.
 3. Sufficient relevant evidence has been presented to demonstrate the existence of an error or injustice warranting partial relief. In this respect, we note the recommendation from the Air Force office of primary responsibility is to exempt the cardio and push-up portion of the FA test in question; however, based on the medical documentation provided, we believe the correction of the cardio and sit-up portion of the FA test should reflect "exempt" in the Air Force Fitness Management System. Accordingly, we recommend that the records be corrected as indicated below.
-

THE BOARD RECOMMENDS THAT:

The pertinent military records of the Department of the Air Force relating to APPLICANT be corrected to show that the cardio and sit-up components of the Fitness Assessment dated 14 Sep 11 be amended to reflect "exempt" in the Air Force Fitness Management System.
