#### CASE NUMBER

### AIR FORCE DISCHARGE REVIEW BOARD DECISIONAL RATIONALE

FD-2003-00514

**GENERAL:** The applicant appeals for upgrade of discharge to general.

The applicant was offered a personal appearance before the Discharge Review Board (DRB) but declined to exercise this right.

The attached brief contains available pertinent data on the applicant and the factors leading to the discharge.

FINDINGS: Upgrade of Discharge is denied.

The Board finds that neither the evidence of record nor that provided by the applicant substantiates an inequity or impropriety that would justify a change of discharge.

### **ISSUE**:

The applicant states that his discharge was inequitable because it was based on one isolated incident in 26 months of service. The records indicate the member tested positive for methamphetamines. The member admitted to using marijuana, cocaine, and LSD during a 12-month period. The Board concluded the misconduct was a significant departure from conduct expected of all military members. The characterization of the discharge received by the applicant was found to be appropriate.

**CONCLUSIONS:** The Discharge Review Board concludes that the discharge was consistent with the procedural and substantive requirements of the discharge regulation and was within the discretion of the discharge authority and that the applicant was provided full administrative due process.

In view of the foregoing findings the Board further concludes that there exists no legal or equitable basis for upgrade of discharge, thus the applicant's discharge should not be changed.
