#### AIR FORCE DISCHARGE REVIEW BOARD DECISIONAL RATIONALE

FD-2005-00343

**GENERAL:** The applicant appeals for upgrade of discharge to honorable, to change the reason and authority for the discharge, and to change the reenlistment code.

The applicant was offered a personal appearance before the Discharge Review Board (DRB) but declined to exercise this right.

The attached brief contains available pertinent data on the applicant and the factors leading to the discharge.

**FINDINGS**: The discharge is upgraded to honorable. Change of reason and authority for discharge, and change of reenlistment code are denied.

**ISSUE**: Applicant received a General discharge for Misconduct – Minor Disciplinary Infractions

Applicant contends discharge was inequitable because he was kicked out due to Force Shaping, had it not been for Force Shaping he would not have received the Article 15 and been kicked out, and that by being stationed at Randolph AFB it was more likely that he would receive a "bad discharge" than if he had been assigned somewhere else. The records indicated the applicant received two Article 15s for misconduct to include assaulting another airman while in Technical School by putting castor oil in his drink, and one for DUI at his first duty assignment. Although there is no evidence in applicant's records that his issues have merit, the DRB opined that although the misconduct was serious, the characterization of his discharge was too harsh. Applicant's Records revealed that when applicant processed in at his new base, he was put on notice by his Squadron Commander that he was considering retaining him under Force Shaping but that his behavior would be closely followed. Shortly thereafter, applicant received an Article 15 for operating a motor vehicle while the alcohol concentration in his blood was .10 grams of alcohol per 100 milliliters of blood. Applicant was notified approximately six weeks later that he was being recommended for an administrative discharge and applicant's records reveal no evidence of any kind of probation and/or rehabilitation having been being undertaken/offered. Although the Board opined the applicant's discharge should be upgraded to an Honorable, the Board felt that the reason and authority and the reenlistment code were appropriate and should not be changed due to the short duration of time since applicant's discharge and the fact that applicant did commit misconduct resulting in two Article 15s in a relatively short period of time.

**CONCLUSIONS:** The Discharge Review Board concludes that the discharge was consistent with the procedural and substantive requirements of the discharge regulation and was within the discretion of the discharge authority and that the applicant was provided full administrative due process.

However, in view of the foregoing findings, the Board further concludes that the overall quality of applicant's service is more accurately reflected by an Honorable discharge. The applicant's characterization should be changed to Honorable under the provisions of Title 10, USC 1553.
