## AIR FORCE DISCHARGE REVIEW BOARD DECISIONAL RATIONALE

**GENERAL:** The applicant appeals for upgrade of discharge to honorable, to change the reason and authority for the discharge, and to change the reenlistment code.

The applicant was scheduled for a personal appearance before the Discharge Review Board (DRB) at Andrews Air Force Base, Maryland, but failed to appear or notify the Board.

No exhibits were submitted on the applicant's behalf.

The attached brief contains available pertinent data on the applicant and the factors leading to the discharge.

FINDINGS: Upgrade of discharge, change of reason and authority for discharge, and change of reenlistment code are denied.

The Board finds that neither the evidence of record nor that provided by the applicant substantiates an inequity or impropriety that would justify a change of discharge.

**ISSUE:** The applicant cited his eagerness to serve again, "especially in this time of recruitment crisis and [the] war overseas," in documenting his desire for an upgrade of discharge so that he may enlist in the United States Marine Corps. He otherwise did not submit any issues questioning the equity or propriety of the non-judicial punishment actions he received or the resultant discharge action. Specifically, the applicant received two Article 15s during his term of enlistment, covering a period from on or about 9 July 1993 until his date of discharge on 20 May 1997. The first Article 15, issued on 29 April 1996, was for unlawfully striking another Airman in the head with a bottle. For this offense the applicant received a suspended reduction in grade to Airman and 15 days extra duty. The second Article 15, issued on 28 March 1997, contained two specifications; one for wrongfully wearing, without authority, the rank of Senior Airman insignia over a several month period (from on or about 9) July 1996 to 4 February 1997) and his dishonorable failure to pay an indebtedness on his government travel card of the amount of \$240.03. The applicant's record does not contain the notification memorandum from his commander, the review of legal sufficiency, nor his responses to either of the Article 15s or the discharge action. The DRB recognized the fact that the applicant had served three years and 10 months, of a four-year term of enlistment before his discharge was initiated and that he had achieved three consecutive overall "4" enlisted performance reports. Additionally, the Board acknowledged the likelihood that the applicant is making a significant contribution to the life and safety of his community, as an "LACO fire fighter." However, the Board was deprived of an opportunity to receive any objective evidence upon which to base an upgrade of the applicant's discharge, either through supplemental written documentation, such as letters of recommendation or commendation, proof of his alleged "unblemished record" with his current employer, or testimony that would otherwise overcome a presumption of regularity in the processing of his discharge. The Board concluded that the characterization of the discharge received by the applicant was appropriate.

**CONCLUSIONS:** The Discharge Review Board concludes that the discharge was consistent with the procedural and substantive requirements of the discharge regulation, that it was within the discretion of the discharge authority, and that the applicant was provided full administrative due process.

In view of the foregoing findings the Board further concludes that there exists no legal or equitable basis for upgrade of discharge, thus the applicant's discharge should not be changed.
