## AIR FORCE DISCHARGE REVIEW BOARD DECISIONAL RATIONALE

FD-2008-00353

**GENERAL:** The applicant appeals for upgrade of discharge to honorable.

The applicant was offered a personal appearance before the Discharge Review Board (DRB) but declined and requests that the review be completed based on the available service record.

The attached brief contains available pertinent data on the applicant and the factors leading to the discharge.

**FINDING:** The Board denies the upgrade of the discharge.

The Board finds that neither the evidence of record nor that provided by the applicant substantiates an inequity or impropriety that would justify a change of discharge.

**ISSUE:**

Applicant contends discharge was inequitable because it was too harsh. The records indicated the applicant received two Letters of Reprimand and two Letters of Counseling for misconduct. His misconduct consisted of failing to provide appropriate and accurate information for inclusion in the daily report, failure to attend required dental appointment, displayed lack of professionalism, apprehended by civilian authorities and failed the Field Sobriety Test, his vehicle had an expired registration and he was carrying a concealed weapon, The DRB opined that through these administrative actions, the applicant had ample opportunities to change his negative behavior. The Board concluded that the negative aspects of the applicant's service outweighed the positive contributions he made in his Air Force career. The characterization of the discharge received by the applicant was found to be appropriate.

**CONCLUSION:** The Discharge Review Board concludes that the discharge was consistent with the procedural and substantive requirements of the discharge regulation and was within the discretion of the discharge authority and the applicant was provided full administrative due process.

In view of the foregoing findings, the Board further concludes that there exists no legal or equitable basis for upgrade of discharge and determines the discharge should remain unchanged.
