AIR FORCE DISCHARGE REVIEW BOARD DECISIONAL RATIONALE

FD-2009-00113

GENERAL: The applicant appeals for upgrade of discharge to honorable.

The applicant was offered a personal appearance before the Discharge Review Board (DRB) but declined and requests that the review be completed based on the available service record.

The attached brief contains available pertinent data on the applicant and the factors leading to the discharge.

After a review of the record, the Board unanimously voted to grant the relief of the requested upgrade as discussed below.

FINDING: The Board denies the upgrade of the discharge.

The Board finds the applicant submitted no issues contesting the equity or propriety of the discharge, and after a thorough review of the record, the Board was unable to identify any that would justify a change of discharge.

ISSUE:

Applicant submitted no issues regarding the inequity or impropriety of his discharge. The applicant does submit that he believes he deserves a second chance despite his discrepancies so that he may serve his country in the Air Force or Army Guard. The record indicates the applicant received an Article 15, five Letters of Reprimand, and four Records of Individual Counseling for misconduct. His misconduct included speeding on base, failed room inspection (3x), being late for roll call (3x), failure to take technical data to an aircraft, using his cell phone during duty hours, failure to attend training (2x), failure to perform inventory of a tool kit, and being late for work. The Board opined that through these administrative actions, the applicant had ample opportunities to change his behavior. They found the seriousness of the willful misconduct offset any positive aspects of the applicant's duty performance. The Board reviewed the entire record and found no evidence of impropriety or inequity to warrant an upgrade of the discharge.

CONCLUSION: The Discharge Review Board concludes that the discharge was consistent with the procedural and substantive requirements of the discharge regulation and was within the discretion of the discharge authority and the applicant was provided full administrative due process.

In view of the foregoing findings, the Board further concludes that there exists no legal or equitable basis for upgrade of discharge and determines the discharge should remain unchanged.
