EXECUTIVE SUMMARY:

The applicant was discharged on late 2005 with an Uncharacterized discharge. This was an Entry Level Separation at boot camp specifically due to an Adjustment disorder.

For entry level separations at Cape May, an uncharacterized character of service is not derogatory in nature and is the prescribed character for individuals who were separated while at initial accession training with no associated conduct to warrant a less desirable character of service.

Within the application, the former member did not submit any medical documentation or current endorsements from a physician to illustrate an improved mental state and well-being.

The RE3 reentry code is not an affirmative recommendation for reenlistment, rather it represents that the applicant is not recommended for reenlistment due to a disqualifying factor. Based upon the policies and needs of the gaining Service the RE3 code may be waived. RE3 is prescribed for entry level separations.

Propriety: Discharge was proper.

Equity: Discharge was equitable.

Final Adjudication by Assistant Commandant For Human Resources: No relief.
