

DEPARTMENT OF THE NAVY

BOARD FOR CORRECTION OF NAVAL RECORDS 2 NAVY ANNEX WASHINGTON DC 20370-5100

CRS Docket No: 1876-00 21 August 2001

Dear

This is in reference to your application on behalf of your late brother for correction of your naval record pursuant to the provisions of Title 10, United States Code, Section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 21 August 2001. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your brother's naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

On 13 May 1948 your brother reenlisted in the Naval Reserve after more than three years of prior active duty. He reported to active duty on 25 October 1950. On 10 October 1951 he was diagnosed as having tuberculosis. He was honorably discharged on 1 March 1952 by reason of physical disability retirement.

After careful and conscientious consideration of the entire record, the Board found no evidence that would support your claim for an award of the Purple Heart to your brother. In this regard, in order for an individual to be eligible for the Purple Heart, one must be wounded by hostile action. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER Executive Director
