

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

JRE  
Docket No: 3562-00  
10 July 2001

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 28 June 2001. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you were voluntarily discharged from the Navy on 27 June 1997. You were physically qualified for reenlistment at that time under retention physical standards, notwithstanding your hearing loss and possible infection with the hepatitis C virus. Those standards are applicable to service members on active duty, and those recently separated from active duty. As you waited several years to apply for reenlistment, the retention fitness standards were no longer applicable to you; unfortunately, you did not meet the more stringent procurement fitness standards, and you were denied the opportunity to reenlist.

In the absence of evidence which demonstrates that you were unfit to perform the duties of your office, grade, rank, or rating by reason of physical disability on 27 June 1997, the Board was unable to recommend any corrective action in your case. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be

taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER  
Executive Director
