

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

JRE
Docket No: 4817-00
11 June 2001

[REDACTED]

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 24 May 2001. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you enlisted in the Marine Corps on 9 July 1996. On 3 August 1996, you reported having homicidal and suicidal thoughts. You were psychologically evaluated on that date, and given diagnoses of adjustment disorder with mixed disturbance of mood and conduct, and post traumatic stress disorder secondary to a failed attempt to resuscitate your father who died suddenly at home prior to your enlistment. You were discharged on 13 August 1996 with an entry level separation, by reason of your failing to meet minimum physical standards for enlistment.

The Board rejected your unsubstantiated contention to the effect that the contents of the report of the psychological evaluation you underwent on 3 August 1996 contains false information or incorrect diagnoses. Accordingly, and in the absence of evidence which demonstrates that your discharge was erroneous or unjust, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be

taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
