Docket No: 8341-01

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 14 May 2002. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinion furnished by NPC memorandum 1160 Pers 811 of 8 February 2001, a copy of which is attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the advisory opinion. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director

Ref: (a) SNM's DD Form 149 dtd 28 Nov 01

Encl: (1) BCNR File

1. In response to reference (a), recommend disapproval of the petitioner's request.
2. The petitioner seems to indicate in his petition that he should have been eligible for the Obliserve to Train option (OTT).
3. Due to the fact that the petitioner was already in an SRB eligible rating (IC), obliserve to train was not authorized. The petitioner's only option at the time was to hard obliserve for the orders to "A" school.
4. In view of the above, recommend disapproval of the petitioner's request.
5. This is an advisory memorandum to reference (a) for use by the Board for Correction of Naval Records (BCNR) only. Enclosure (1) is returned.
