

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

TRG

Docket No: 5454-07

6 November 2008

[REDACTED]

This is in reply to your letter of 7 October 2008 in which you request, under the provisions of the Freedom of Information Action and the Privacy Act copies of all of the documents requested or considered by the Board in its review of your case.

You are specifically asking whether or not the Board obtained investigations conducted by the Naval Criminal Investigative Service, the Navy Inspector General, the Federal Bureau of Investigation and documents that you allege are held by several other commands and government agencies.

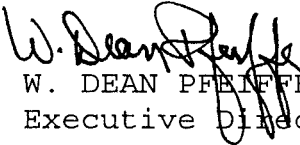

Please be advised that the only documentation considered or obtained by the Board was your Application for Correction of Military Records (DD Form 149) with its attachments, your service record and a copy of your retirement point record which was obtained from the Navy Personnel Command. At that time, the Board was informed that you are receiving retired pay. A copy of your retirement point record is enclosed.

As indicated in the Board's letter of 28 July 2008 there is nothing in your service record regarding your allegations or contentions. When your case was closed your service record was returned to storage at the National Personal Record Center, St. Louis, Missouri 63132. Once your record is returned to file, you may obtain a copy by calling (314)592-1150, extension 4022.

The Board is not authorized to conduct investigations and the burden of proof is on the applicant to show that an error or injustice occurred. Further, the Board is only authorized to correct individual service records of the Navy and Marine Corps. A correction to other records of the Department of the Navy and other government agencies is not authorized. A copy of the Board's regulations is enclosed.

Therefore it appears that there is no further action that can be taken by the Board at this time.

Sincerely,

W. DEAN PFEIFFER
Executive Director
