

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

JRE
Docket No. 08792-07
12 August 2008

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552, in which you requested, in effect, that the Board reconsider your previous application, and alternatively, that it correct your record to show that you were separated or retired by reason of physical disability or hardship.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 7 August 2008. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board concluded that you did not submit any new material evidence in connection with your request for reconsideration of your previous application for upgrade of your discharge.

Accordingly, the Board affirmed its previous findings, which are set out in a letter to you dated 20 July 2000.

With regard to your new request, the Board could not find any indication in the available records that you were unfit for duty by reason of physical disability, or that you met the criteria for a hardship discharge. In addition, the Board noted that you would not have been entitled to disability separation or retirement even if you had been unfit for duty, as your administrative discharge under other than honorable conditions would have taken precedence over and precluded disability evaluation processing.

In view of the foregoing, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
