

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

HD:hd
Docket No. 08345-08
2 April 2009

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

Your request to show you were medically waived from the Fall 2007 Physical Readiness Test (PRT) was not considered, as the Physical Readiness Information Management System (PRIMS) shows no data for the Fall 2007 PRT.

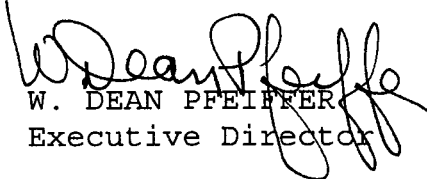

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 2 April 2009. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinion furnished by the Office of the Chief of Naval Operations dated 8 October 2008 with enclosure, a copy of which is attached..

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the advisory opinion concerning your Spring 2006 Body Composition Assessment (BCA). Regarding your Fall 2007 BCA, the Board recognized that the hip measurement entry of 27 inches may well be too low, but it was

unable to find the correct measurement was 40 inches, as you assert it was. Further, the Board noted that if the hip measurement is too low, as you assert, the body fat percentage entry of nine percent, which was within standards and substantially lower than all your other body fat measurements, may be incorrect as well. In view of the above, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director

Enclosure
