

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

JSR
Docket No: 10450-08
11 December 2008

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

You requested removing the fitness reports for 19 November 2002 to 1 August 2003 and 2 August to 31 December 2003.

It is noted that the Commandant of the Marine Corps (CMC) has directed modifying the contested report for 2 August to 31 December 2003 by removing, from section I (reporting senior's "Directed and Additional Comments"), "MRO [Marine reported on] is beginning to improve as a career planner through assistance by senior SNCOs [staff noncommissioned officers] in the battalion. MRO should attend SNCO career course to further develop professionally."; and removing, from section K.4 (reviewing officer's comments), "[You have] shown a genuine desire to perform [your] duties in an adequate manner."

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 11 December 2008. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the report of the Headquarters Marine Corps Performance Evaluation

Review Board (PERB), dated 27 October 2008, a copy of which is attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the report of the PERB. Specifically regarding the contested report for 2 August to 31 December 2003, the Board was unable to find the narratives in sections I and K.4, as modified, reflected an attempt to minimize your accomplishments. In view of the above, your application for relief beyond that effected by CMC has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director

Enclosure
