

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

BAN
Docket No: 00152-09
19 October 2009

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of Title 10, United States Code, Section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 16 October 2009. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record, and applicable statutes, regulations, and policies.

After careful and conscientious consideration of the entire record, the Board found the evidence submitted was insufficient to establish the existence of probable material error or injustice.

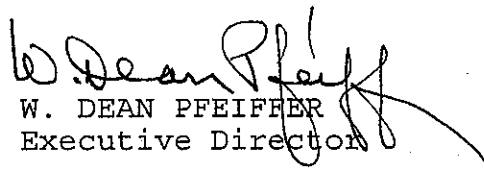

You enlisted in the Marine Corps on 26 September 2005, and served without disciplinary incident. However, on 14 March 2006, you voluntarily wrote a statement to your commanding officer stating you had a history of depression, anger, had previously attempted suicide, and no longer wanted to be in the military. Therefore, on 27 March 2006, you were separated with an uncharacterized discharge and an RE-4 reenlistment code due to your self-admittal of a pre-existing personality disorder.

The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, such as your youth, statements from a psychiatrist, and personal references. Nevertheless, the Board concluded these factors were not sufficient to warrant changing your reenlistment code because of your personality disorder. Accordingly, your application has

been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
