

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

JSR  
Docket No: 1547-10  
18 March 2010

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

You requested removing the fitness report for 1 October to 2 December 2008 and the service record page 11 ("Administrative Remarks (1070)") entry dated 17 December 2008 with your rebuttal dated 23 December 2008.

It is noted that the Commandant of the Marine Corps has directed removing the contested fitness report.

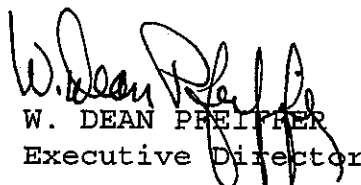

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 18 March 2010. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the report of the Headquarters Marine Corps (HQMC) Performance Evaluation Review Board (PERB) dated 2 December 2009, the advisory opinion from HQMC dated 25 January 2010, and the e-mail from the HQMC Performance Evaluation Review Branch dated 2 March 2010, copies of which are attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was

insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the advisory opinion. The Board was unable to find that the contested page 11 entry was factually inaccurate as to the encouragement you gave a junior Marine. In view of the above, your application for relief beyond that effected by CMC has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

  
W. DEAN PREPPER  
Executive Director
