

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

JRE
Docket No. 04199-09
5 June 2009

[REDACTED]

Dear [REDACTED],

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 4 June 2009. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you served on active duty in the Navy from 3 April to 8 May 1980, when you were discharged in accordance with your request and the approved findings of a medical board that you had enlisted in error because of a disqualifying knee condition that existed prior to your enlistment and was not aggravated by your service. The Department of Veterans Affairs denied your request for service connection for the knee condition on 31 October 1980 and 25 March 2009.

In the absence of evidence which demonstrates that you were unfit for duty by reason of physical disability that was incurred in or aggravated by your naval service, the Board was unable to recommend any corrective action in your case. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
