

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

MEH  
Docket No. 5802-09  
26 Oct 09

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of 10 USC 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 26 October 2009. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinion furnished by CMC memo 1000 IOP:rah of 20 Oct 09, a copy of which is attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the advisory opinion. Accordingly, your application, and your request for a personal appearance before the Board, have been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is also important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

  
W. DEAN PFEIFFER  
Executive Director

Enclosure
