

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

CRS
Docket No: 6165-09
2 July 2009

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 24 June 2009. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you enlisted in the Navy on 9 August 2006. On 23 April 2007 you were given a diagnosis of asthma, which was not considered disabling in your case. On 11 May 2007 you received a general discharge by reason of a condition, not a disability, that interfered with your performance of duty. You were assigned a reentry code of RE-4, as permitted by regulatory guidance.

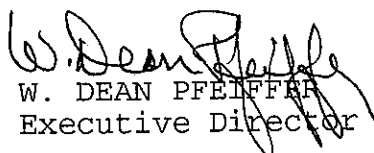

On 4 Sept 2008 the Naval Discharge Review Board upgraded your general discharge to honorable.

The Board concluded that you were properly assigned a reentry code of RE-4. It is often assigned to Sailors who are diagnosed for a condition not a disability. The fact that you do not suffer from asthma at this time does not establish that your condition was misdiagnosed in 2007, or provide a basis for changing your present reentry code. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the

Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
