BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

BAN  
Docket No. 06861-09  
23 February 2010

[REDACTED]

[REDACTED]

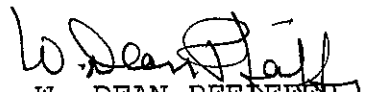

This is in reference to your application for correction to your deceased spouse's naval record pursuant to the provisions of 10 USC 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 22 February 2010. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your spouse's naval record and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinion furnished by the Director, Reserve Personnel Administration Division (PERS-91), a copy of which is attached.

The Board noted that your husband had been provided multiple opportunities to enroll in the Reserve Component Survivor Benefit Plan (RCSBP). As noted in the attached advisory opinion, his first opportunity arose in July 1997 when he was furnished with his "Notice of Eligibility to Receive Retired Pay at Age 60" (NOE). He also had two subsequent opportunities to enroll during widely publicized "open enrollment" seasons. Those open enrollment seasons were held in March 1999 - February 2000 and October 2005 - September 2006. Regrettably, there is no evidence that your husband elected coverage during any of those opportunities. Under these circumstances, the Board found insufficient evidence of an error or injustice that would warrant relief. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is also important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

  
W. DEAN PFEIFFER  
Executive Director
