

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

CRS
Docket No: 1639-10
26 March 2010

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 10 March 2010. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you reenlisted in the Navy on 9 February 1987. You received nonjudicial punishment and were convicted by a special court-martial for offenses that included disrespect, making a false official statement, drunk and disorderly conduct, and wrongful use of marijuana. On 2 June 1995 you received a discharge under other than honorable conditions by reason of misconduct due to drug abuse, and were assigned a reentry code of RE-4.

The Board carefully considered your contention to the effect that your reentry code should be corrected so that you could be reenlisted. The Board concluded, however, that as the assignment of a reentry code of RE-4 is required when an individual is discharged by reason of misconduct, there is no basis for any corrective action in your case. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that

favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
