BOARD FOR CORRECTION OF NAVAL RECORDS

Docket No. 04014-10
11 February 2011

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552. You requested removing the service record page 13 (NAVPERS 1070/613) entry dated 13 February 2007, and you impliedly requested correcting the Physical Readiness Information Management System (PRIMS) data for Cycle 2, 2006 to show no failure of the Physical Fitness Assessment (PFA).

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 10 February 2011. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinion furnished by the Office of the Chief of Naval Operations dated 9 June 2010, a copy of which is attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. The Board was unable to find you did not fail the Cycle 2, 2006 PFA. The Board found you have not exhausted your administrative remedies concerning the page 13 entry. In view of the above, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
