JSR  
Docket No: 4107-10  
26 August 2010

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

You requested promotion to master sergeant pursuant to your selection by the Enlisted Remedial Selection Board for the Fiscal Year 2007 Master Sergeant Selection Board. You also impliedly requested changing your retired grade from gunnery sergeant (pay grade E-7) to master sergeant (pay grade E-8) and removing documentation of your administrative deletion from the selection list.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 26 August 2010. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinions from Headquarters Marine Corps dated 17 June 2010 with reference (b) and 12 July 2010, and the undated chronology, copies of which are attached, as well as your counsel's letter dated 13 August 2010.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material

error or injustice. In this connection, the Board substantially concurred with the comments contained in the advisory opinions. The Board was unable to find your command took reprisal against you for your inspector general or equal opportunity complaint, your request mast or your correspondence with a Congressman. In view of the above, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

  
W. DEAN PFEIFFER  
Executive Director
