BOARD FOR CORRECTION OF NAVAL RECORDS DOCKET No. 04174-10 2 NAVY ANNEX WASHINGTON DC 20370-5100 18 February 2011

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 17 February 2011. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this regard, the Board found that your entitlement to disability compensation from the Department of Veterans Affairs for posttraumatic stress disorder effective 19 January 2000 does not establish that you were unfit for duty by reason of physical disability when you were discharged from the Navy in 1973. In the absence of evidence which demonstrates that you were unfit for duty in 1973, the Board was unable to take favorable action on your request. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this

regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PE

Executive Director
