WASHINGTON DC 20370-5100

CRS  
Docket No: 5669-10

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of Title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 3 June 2010. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

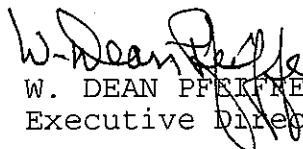

The Board found that you enlisted in the Navy on 14 December 2005. On 16 December 2005 you disclosed a history of psychiatric treatment for bipolar disorder, borderline personality disorder with borderline traits, and disclosed that he had used illegal drugs. On 5 January 2006 you received an entry level separation by reason of fraudulent entry and drug abuse and were assigned a reentry code of RE-4, as required by governing directives.

The Board concluded that your present reentry code was properly assigned. It was not persuaded that it would be in the interest of justice to assign you a more favorable reentry code as an exception to policy. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board.

In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

  
W. DEAN PFEIFFER  
Executive Director
