

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

CRS
Docket No: 6254-10
6 July 2010

[REDACTED]

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of Title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 16 June 2010. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you enlisted in the Navy Reserve on 14 August 1992. On 30 October 1993 you received nonjudicial punishment for wrongful use of marijuana, crystal methamphetamine, and cocaine, and wrongful possession of amphetamines aboard a naval vessel. On 19 November 1993 you were discharged by reason of misconduct due to drug abuse with a discharge under other than honorable conditions.

In its review of your application, the Board carefully considered your contention that you were suffering from posttraumatic stress disorder while on active duty, and that the acts of misconduct which resulted in your discharge were symptoms of that condition. The Board could not find any evidence in the available records or your application which corroborates that contention. Accordingly, and as you have not demonstrated that it would be in the interest of justice for the Board to upgrade your discharge as a matter of clemency, your application has been denied. The names and votes of the members of the panel will be furnished

upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
