

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

RDZ:ecb  
Docket No. 06830-10  
17 September 2010

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 9 September 2010. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

You enlisted in the Marine Corps on 18 October 1999 for a term of four years. Unfortunately you only had a little less than two years and five months of creditable service and were discharged with a bad conduct discharge (BCD) pursuant to your conviction on 24 September 2001 by special court-martial for 127 days of unauthorized absence (UA) that was terminated by apprehension. Prior to your court-martial you received nonjudicial punishment on two occasions for UA's of 16 days, 7 days and 30 days.

The Board concluded that in view of the seriousness of your offense as well as the repetitiveness of your prior misconduct your discharge

was both legally and equitably proper and should not be changed now as a matter of clemency.

Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

  
W. DEAN PFEIFFER  
Executive Director
