

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

JRE
Docket No. 12785-10
25 March 2011

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 24 March 2011. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

You served on active duty in the Navy from 15 November 2000 to 1 May 2001, when you were discharged by reason of physical disability. You received an uncharacterized entry level separation because you were in an entry level status at that time, i.e., you had not completed 180 days of service. A Sailor in an entry level status may receive an honorable discharge only where it is clearly warranted by the presence of usual circumstances involving personal conduct, and then only upon the approval, on a case-by-case basis, by the Secretary of the Navy. As you have not demonstrated that such circumstances were present in your case, the Board was unable to recommend favorable action on your request. Accordingly, your application has been

denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
