BAN
Docket No: 01687-11

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of Title 10, United States Code, Section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 5 January 2012. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record, and applicable statutes, regulations, and policies.

After careful and conscientious consideration of the entire record, the Board found the evidence submitted was insufficient to establish the existence of probable material error or injustice.

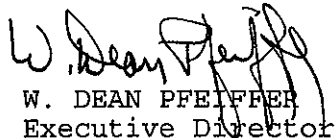

You enlisted in the Navy on 27 April 1989, and served without incident until 16 September 1992, when you were convicted by general court-martial (GCM) of conspiracy, false official statement, larceny, and a general order violation. You were sentenced to a loss of all pay and allowances, a reduction to paygrade E-1, confinement for two years and a bad conduct discharge (BCD). On 18 April 1995, you were separated with a BCD and an RE-4 reentry code due to your GCM conviction.

The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, such as your youth and claim that you had an excellent military record prior to your conviction. Nevertheless, the Board concluded these factors were not sufficient to warrant recharacterization of your discharge because of the seriousness of your misconduct. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of

regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
