

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

BJG
Docket No: 559-12
17 October 2012

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 16 October 2012. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

You enlisted in the Navy as a resident alien and entered active duty on 3 April 1980. You enlisted in a program which required that you take the necessary steps to become a United States citizen and qualify for a security clearance. You failed to take the necessary steps to become a citizen. On 6 October 1981, you received an honorable characterization of service due to being an alien, and assigned a waivable RE-3A (alien) reenlistment code.

In its review of your application, the Board carefully weighed all potentially mitigating factors, such as your youth, medical issues, and current desire to change your reason for separation. However, the Board concluded that you were correctly assigned the alien status reason for separation. In view of the above, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,
