

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
701 S. COURTHOUSE RD SUITE 1001  
ARLINGTON VA 22204-2490

BAN  
Docket No. NR02367-13  
26 November 2013

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of 10 USC 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 25 November 2013. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. The Board considered the advisory opinions (A/O) furnished by Headquarters Marine Corps (HQMC) memo 1400/3 MMPR-2 of 23 Oct 2013, and HQMC memo 1910 MMSR-3 of 19 Sep 2013, your response on 13 November 2013 and your supplemental proposed options. In addition, the Board members also considered your request for a personal appearance. However, they found that the issues in the case were adequately documented and that a personal appearance would not materially add to the Board's understanding of the issues involved. Thus, your request for a personal appearance has been denied.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In making this determination, the Board substantially concurred with the comments contained in the advisory opinions. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is also important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when

applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

  
W. DEAN PFEIFFER  
Executive Director
