Docket No. NR2999-13

18 September 2014

[REDACTED]

Dear Master Gunnery Sergeant [REDACTED]

This is in reference to your letter dated 25 March 2013, seeking reconsideration of your previous application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552. You again requested removing the service record page 11 ("Administrative Remarks (1070)") entry dated 6 July 2011. In your previous case, docket number 10721-11, the Board denied this relief on 7 February 2012.

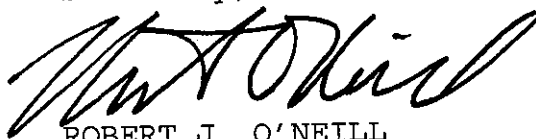

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, reconsidered your case on 18 September 2014. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, the Board's file on your prior case, your naval record and applicable statutes, regulations and policies. The Board also considered the report of the Headquarters Marine Corps (HQMC) Performance Evaluation Review Board (PERB) dated 18 February 2014 and the advisory opinion from HQMC dated 3 July 2014, copies of which are attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the report of the PERB and the advisory opinion. Accordingly, the Board again voted to deny relief. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board

reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

A handwritten signature in black ink, appearing to read "R. J. O'Neill", written in a cursive style.
