Docket No: NR8212-13
8 May 2014 2014

EM1 [REDACTED] USN

Dear Petty Officer [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

You requested correction of your Performance Summary Report (PSR) to show your promotion recommendation in the enlisted performance evaluation report for 16 November 2011 to 15 November 2012 was "Must Promote," rather than "Promotable." You also requested a special selection board (SSB) for the Fiscal Year 14 Chief Petty Officer Selection Board.

It is noted that NPC has corrected the PSR as you requested.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 20 February 2014. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinions furnished by the Navy Personnel Command dated 23 October and 5 November 2013, copies of which are attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the advisory

opinion dated 5 November 2013 in finding your request for SSB consideration should be denied. The Board also noted that the evaluation report for the period in question on file in your Official Military Personnel File reflected the correct promotion recommendation of "Must Promote." In view of the above, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

ROBERT D ZSALMAN
Acting Executive Director
