

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
701 S. COURTHOUSE ROAD, SUITE 1001  
ARLINGTON, VA 22204-2490

BC  
Docket No: 00534-14  
27 May 2014

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10, United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 21 May 2014. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record, and applicable statutes, regulations, and policies.

After careful and conscientious consideration of the entire record, the Board found the evidence submitted was insufficient to establish the existence of probable material error or injustice.

You enlisted in the Marine Corps and began a period of active duty on 9 April 2001. On 19 September 2001, you received nonjudicial punishment (NJP) for disobeying a lawful order by having alcohol in the barracks. On 3 July 2008, you received NJP for fraternization. On 13 August 2008, you acknowledged that you were being assigned an RE-4 reentry code upon your separation. You were separated on 12 October 2008, with an honorable characterization of service and assigned an RE-4 (not recommended for reenlistment) reentry code.

The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors present in your case. However, the Board found those factors insufficient to warrant any change in your reentry code, given your record of two NJP's for misconduct and non-recommendation for

reenlistment. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,
