

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

JDR
Docket No: 11277-14
20 March 2015

[REDACTED]
Dear [REDACTED]

This is in reference to your latest reconsideration request dated 11 September 2014. You previously petitioned the Board on several occasions and were advised in our letters that your applications have been denied.

The Board found it in the interest of justice to review your most recent application based on the new evidence provided. In this regard, your current request has been carefully examined by a three-member panel of the Board for Correction of Naval Records, sitting in executive session on 3 March 2015. The names and votes of the members of the panel will be furnished upon request. Documentary material considered by the Board consisted of your application and any material submitted in support of your application.

After careful and conscientious consideration of the entire record, the Board determined that the statements you provided, even though not previously considered by the Board, were insufficient to establish the existence of probable material error or injustice. A review of your recent application reveals that again your request must be denied. In this regard, the Board found that your contentions are insufficient to warrant further consideration in your case. In the absence of sufficient material evidence for reconsideration, the decision of the Board is final, and your only recourse would be to initiate action, at no cost to the Board, to a court of appropriate jurisdiction.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert J. O'Neill", is written over the typed name.

ROBERT J. O'NEILL
