JSR  
Docket No: NR8175-14  
7 August 2014

[REDACTED]

Dear Capt [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

You requested modifying the fitness reports for 1 February to 26 March 2006 and 27 March to 6 June 2006 to make them "not observed." You also requested removing your failure of selection by the Fiscal Year 2015 Major Selection Board.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 7 August 2014. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the two reports of the Headquarters Marine Corps Performance Evaluation Review Board (PERB), each dated 3 July 2014, copies of which are attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the reports of the PERB. Since the Board found no defect in your performance record, it had no basis to remove your failure of selection for

promotion. In view of the above, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

A handwritten signature in cursive script, appearing to read "Robert D. Zsalmán".
